## Problem 1

Best Electronics operates a retail electronics company. Examine the following items and prepare the current liability section of the company's December 31, 20X8, balance sheet.

The beginning of year accounts payable was $\$ 150,000$. Purchases on trade accounts during the year were $\$ 975,000$, and payments on account were $\$ 915,000$.

The company incurs substantial costs for electricity to run its stores and air conditioning systems. As of December 31, 20X8, it is estimated that $\$ 82,500$ of electricity has been used, although the monthly billing for December has not yet been received.

Best Electronics sells service plans for as low as $\$ 25$ per month. However, it requires its customers to prepay in 6 -month increments. As of the end of the year, $\$ 562,500$ had been collected for 20X9 web hosting plans.

Best Electronic's service plans are subject to sales taxes, and Best collected \$97,500 during the year. All of these amounts have been remitted to taxing authorities, with the exception of $\$ 7,500$ that is due to be paid in January, 20X9.

The company has total bank loans of $\$ 2,250,000$. This debt bears interest at $6 \%$, payable monthly. As of December 31, 20X8, all interest had been paid, with the exception of accrued interest for the last half of December.

The company's bank loans $(\$ 2,250,000)$ are all due on June 30, 20X9. However, Best Electronics has a firm lending agreement with the bank to renew and extend $\$ 1,500,000$ of this amount on a 5 -year basis. The company intends to exercise this renewal option, but is not yet sure about the final disposition of the remainder.

## Worksheet 1

Supporting calculations:

## Solution 1

| Liabilities |  |  |
| :--- | ---: | ---: |
| Current liabilities | \$ | 210,000 |
| Accounts payable | 82,500 |  |
| Utilities payable | 562,500 |  |
| Unearned revenue | 7,500 |  |
| Sales tax payable | 5,625 |  |
| Interest payable | 750,000 |  |
| Current portion of loan payable | $1,618,125$ |  |

Supporting calculations:

$$
\text { Accounts payable }(\$ 150,000+\$ 975,000-\$ 915,000=\$ 210,000)
$$

Interest payable (\$2,250,000 X 6\% X 15/360 = \$5,625)

## Problem 2

On April 1, 20X1, Geo Farming Services purchased a new GPS surveying instrument. Farmer paid \$2,500 down and executed the following promissory note:

FOR VALUE RECEIVED, the undersigned promises to pay to the order of GPS Surveying Company the sum of:
with annual interest of $\mathbf{8 \%}$ on any unpaid balance. This note shall mature and be payable, along with accrued interest, on March 31, $20 \times 2$.

April 1, 20X1
Issue Date
T.W. Farmer Geo Farming Services

Signature
a) Prepare the appropriate journal entry to record the purchase on April 1, 20X1.
b) Prepare the appropriate journal entry to record the year-end interest accrual on December 31, 20 X 1.
c) Prepare the appropriate journal entry to record the payment of the note and accrued interest on March 31, 20X2.

## Problem 3

On August 1, 20X7, Desert Water Company purchased a water hauling truck. The sole consideration was a $\$ 150,000$ note due in one year. Interest of $\$ 18,000$ was included the face amount of the note. If Miller had purchased the truck for cash, the purchase price would have been only $\$ 132,000$.
a) Prepare the appropriate journal entry to record the purchase on August 1, 20X7.
b) Prepare the appropriate journal entry to record the year-end discount amortization on December 31, 20X7.
c) Prepare the appropriate journal entry to record the payment of the note on July 31, 20X8.
d) What was the actual rate of interest on this loan?

| 1-Apr | Equipment | 132,000 |  |
|  | Discount on Note Payable | 18,000 |  |
|  | Note Payable |  | 150,000 |
|  | To record note payable, issued at a discount |  |  |
|  |  |  | 7,500 |
|  | Interest Expense |  |  |
|  | Discount on Note Payable |  |  |
|  | To record discount amortization for 5 <br> months | 10,500 |  |
|  |  | 150,000 |  |
|  | Interest Expense |  | 10,500 |
|  | Note Payable |  | 150,000 |
|  | Discount on Note Payable |  |  |
|  | Cash |  |  |
|  | To record discount amortization and <br> repayment of note |  |  |

d) The actual interest rate is about $13.6 \%(\$ 18,000 / \$ 132,000)$.

## Problem 4

Northern Freeze Corporation manufactures and sells snow removal machines. These machines include a complex heater module, and about $10 \%$ of all units sold require subsequent repair under the warranty. The average repair cost is $\$ 75$ per unit.

Northern Freeze began the year with an accrued warranty liability of $\$ 150,000$. During the year, 65,000 machines were sold. $\$ 340,000$ was expended on warranty services performed during the year.

Prepare Northern's journal entries to accrue additional warranty costs relating to current year sales and account for monies expended on actual warranty work performed during the year. How much will appear as warranty expense in the current year income statement, and how much will appear as the warranty liability on the closing balance sheet?

## Worksheet 4

GENERAL JOURNAL

| Date | Accounts | Debit | Credit |
| :---: | :---: | :---: | :---: |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |

## Solution 4

GENERAL JOURNAL

| Date | Accounts | Debit | Credit |
| :--- | :--- | ---: | ---: |
|  | Warranty Expense | 487,500 |  |
|  | Warranty Liability |  | 487,500 |
|  | To accrue additional warranty costs (65,000 <br> units $X$ 10\% $X$ \$75) |  |  |
|  |  |  |  |
|  | Warranty Liability | 340,000 |  |
|  | Cash |  | 340,000 |
|  | To record actual warranty expenditures |  |  |

The warranty expense in the income statement is $\$ 487,500$, and the closing warranty liability balance is $\$ 297,500(\$ 150,000$ beginning balance $+\$ 487,500$ additional accrual - $\$ 340,000$ work performed).

## Problem 5

Following are selected transactions or events of Alpine Company relating to its first month of operation.

01-Jun Alpine borrowed $\$ 75,000$ via a note payable bearing interest at $1 \%$ per month. This note and all accrued interest is due at the end of July.

10-Jun Purchased $\$ 15,000$ of inventory, terms $2 / 10, \mathrm{n} / 30$. The purchase was initially recorded at the net amount. The obligation was not paid during June.

15-Jun The company adopted an employee health insurance plan. The total estimated cost is $\$ 75$ per day. None of this cost was funded during June.

20-Jun Sold goods for $\$ 65,000$ cash. Alpine offers a warranty on the goods, and anticipates that total warranty cost will be $2 \%$ of sales.

25-Jun One of Alpine's vehicles was involved in an accident. Alpine expects to be held responsible for an estimated \$7,500 in damages.

30-Jun At month end, it was estimated that employees are owed for $\$ 11,500$ in accrued wages. In addition, $\$ 275$ was spent on warranty service work.
a) Prepare any initial journal entries necessary to record the above transactions or events.
b) Prepare month-end adjusting journal entries that are deemed appropriate related to the above transactions or events.
c) Prepare the current liability section of the company's balance sheet as of the end of the month. The only obligations are those related to the above transactions or events.

## Problem 6

Following are selected borrowing transactions by University Life Housing Corporation.

01-Jun University Life Housing purchased new furniture in exchange for a $\$ 250,000$ promissory note. The note was due in 6 months and bears interest at $10 \%$ per annum.

01-Jul Borrowed cash of $\$ 45,000$, giving a $\$ 50,000$ one-year note. The interest is implicit in the difference between the cash borrowed and the note's $\$ 50,000$ maturity value.

01-Okt University Life Housing was experiencing a temporary cash flow crunch. The company issued a $\$ 20,000$ one-year note in settlement of an outstanding account payable. The note bears interest at $6 \%$ per annum. The agreement with the creditor was that University Life Housing would repay the note as soon as possible, and the total interest would be allocated to each month based on the "rule of 78."

31-Okt University Life Housing paid the note and accrued interest resulting from the October 1 transaction.

01-Nov Borrowed $\$ 50,000$ cash from a local bank by issuing a 2 -year, $8 \%$ promissory note. The interest is to be calculated based on actual days, using a 365-day year assumption.

01-Dec University Life Housing paid the note and accrued interest resulting from the June 1 transaction.
a) Prepare journal entries necessary to record the above transactions.
b) Prepare year-end adjusting journal entries pertinent to the above borrowing transactions.

## Problem 7

ABC Corporation has 8 employees. Information about the October payroll follows:

| Name | Hours Worked | Pay Rate | Federal Income Tax Withheld |
| :---: | :---: | :---: | :---: |
| Ahn, M. | 190 | \$12 per hour | \$450 |
| Bhushan, F. | n/a | \$2,500 per month | \$638 |
| Child, G. | 60 | \$13 per hour | \$167 |
| Edwards, J. | n/a | \$6,700 per month | \$1,200 |
| Hall, J. | n/a | \$10,200 per month | \$2,681 |
| Wong, I. | 150 | \$11 per hour | \$360 |
| Wu, C. | 148 | \$12 per hour | \$400 |
| ZoBell, D. | n/a | \$12,200 per month | \$3,000 |

Additional information is as follows:

ABC is in a state without an income tax. Employees' federal income tax withholdings depend on various factors, and the amounts are as indicated in the above table.

No employees worked overtime, with the exception of Meeyeon Wong, who worked 30 hours of overtime. Overtime is paid at $150 \%$ of the normal hourly rate.

Assume that gross pay is subject to social security taxes at a $6.5 \%$ rate, on an annual base of $\$ 100,000$. Assume that Medicare/ Medicaid taxes are $1.5 \%$ of gross earnings. These taxes are matched by the employer. Only James Hall had earned more than $\$ 90,000$ during the months leading up to October. He had earned $\$ 91,800$ during that time period.

ABC has $100 \%$ participation in a $\$ 15$ per month employee charitable contribution program. These contributions are withheld from monthly pay.

ABC pays for workers' compensation insurance at a $2 \%$ of gross pay rate. None of this cost is paid by the employee.

ABC provides employees with a group health care plan, however the cost is fully paid by employees. The rate is $\$ 300$ per month, per employee.

ABC's payroll is subject to federal ( $0.5 \%$ ) and state ( $1.5 \%$ ) unemployment taxes on each employee's gross pay, up to $\$ 8,000$ per year. All employees had earned in excess of $\$ 8,000$ in the months leading up to October, with the exception of Francis Bhushan. Francis was first employed during the month of October.

ABC contributes 5\% of gross pay to an employee retirement program. Employees do not contribute to this plan.
a) Complete the payroll schedule on the accompanying blank worksheet.
b) Prepare journal entries for ABC's payroll and the related payroll expenses.
