Detailed Course Description - Course Plan Development and Updating Procedures/ Accounting Department QF05/0408-3.0E

Faculty	Business	Department	Accounting
Course number	0502461	Course title	Graduation Project in Accounting
Number of credit hours	3	Pre-requisite/co-requisite	After completing (90) hours

### Brief course description

This course qualifies the students for all considered accounting skills and applied accounting information systems plus that the students in this course are being learned how to use the accounting concepts and other sciences concepts in the research. This course deals with a specific major topic in accounting, approved by the departments, and changes happened in each new semester. It gives the students the opportunities to search and write in aspects related to that topic in order to enhance the accounting skills and updating their information according to the new topics and issues in the accounting fields. Each student might select related aspect, and he or she has to present and discuss his/her work with his/her colleagues in the class.

Course goals and learning outcomes	
<b>Goal 1</b>	Know the different aspects of all accounting skills and courses
Learning outcomes	1.1 The student will be able to demonstrate knowledge and understanding in accounting areas 1.2 The student will be able to demonstrate understanding and skills of being part of a team in accounting situations 1.3 The student will be able to demonstrate knowledge and understanding in ethical, regulatory, and social responsibility in accounting issues 1.4 The student will be able to communicate effectively, both oral and written in accounting topics and research 1.5 The student will be able to determine information needs and demonstrate knowledge and skills about information technology needed to accomplish specific purposes in Accounting 1.6 The student will apply critical thinking skills by solving problems requiring quantitative and/or qualitative analysis 1.7 The students will effectively apply knowledge and skills in the functional areas of business
