EVENT DESCRIPTION

Event: HANDS Staff Training Workshop / TH-OWL University Training of Trainers Workshop

Date: Monday to Friday, 26-30/9/2022

Organizer: Technische Hochschule Ostwestfalen-Lippe TH-OWL

Location: The Conference Room at TH-OWL

Technische Hochschule Ostwestfalen-Lippe University (Germany), organized the second staff training of trainers. In these 5 days of training, The collaboration and knowledge exchange between partners from Jordan, Syria, and the TH-OWL have created a valuable learning experience. The focus on traditional and modern craft design processes, production, and marketing reflects a comprehensive approach to HANDS skill development.

The TH-OWL played a crucial role in hosting the training, providing a collaborative and enriching environment for participants. This ensures the sustainability of knowledge transfer within the HANDS Project.

The combination of field visits and workshop sessions is offering practical and immersive learning opportunities. Being able to directly interact with real examples likely enhanced the participants' understanding and provided valuable insights.

This collaborative effort in TH-OWL not only fosters collaboration among partners but also contributes to building a shared knowledge base. Such initiatives are crucial for the success of the HANDS projects, as they promote practical skills development.
