EVENT DESCRIPTION

Event: Info-day for the HANDS project

Date: Tuesday, 13/7/2023

Organizer: Al-Zaytoonah University of Jordan

Location: Faculty of Architecture and Design

HANDS project's active participation in the Faculty of Architecture and Design Graduates open day and Job Fair at Al-Zaytoonah University of Jordan (ZUJ) was highly impactful. This event, held under the patronage of the Dean of the faculty, Dr. Fuad El-Qirem, served as a vital platform to not only enhance students' awareness but also to facilitate connections with the labour market.

The involvement of the HANDS project in this event allowed for the dissemination of its outcomes and activities, effectively highlighting achievements made in Jordan and Syria. This dissemination effort provided valuable insights into the project's objectives, accomplishments, and the impact it has had on communities in these regions.

The presentation of two success stories by graduates associated with the HANDS project, along with panel speakers from HANDS stakeholders, added depth and credibility to the project's contributions. This engagement showcased real-life examples of how the project has positively influenced individuals and communities, thus garnering substantial interest among attendees.

The active participation of the HANDS project team in the job fair, utilizing tools like Roll-up banners, brochures, and dissemination materials, further facilitated the project's outreach efforts. These materials effectively summarized the essence of the HANDS project, enabling interested individuals to understand its mission and accomplishments.

Overall, the HANDS project's presence at the Job Fair organized by the Faculty of Architecture and Design at ZUJ appears to have been a resounding success. It not only raised awareness but also engaged the audience and fostered connections within the university community. Such initiatives play a crucial role in bridging the gap between academia and practical industry aspects, offering students valuable exposure to real-world projects and opportunities.

This event provided a valuable platform to introduce students to the HANDS project, emphasizing its significance, achievements, and the tangible outcomes of the workshops and courses conducted as part of the initiative. The project's active involvement and impact in this

ERASMUS+ PROGRAMME Project Number: 610238-EPP-1-2019-1-JOEPPKA2-CBHE-JP
setting bode well for its future endeavours in engaging with students, faculty, and the wider
community.
