EVENT DESCRIPTION

Event: HANDS Workshop / **JUST Students workshop with Traditional Handcrafts at Umm Qais**

Date: Monday, 14/11/2022

Organizer: Jordan University of science and Technology JUST

Location: Umm Qais

As part of the "Hands" project, an initiative undertaken by the Jordan University of Science and Technology, a comprehensive and engaging 4-hour training workshop was successfully conducted for the Design studio students with 4 supervisors in the traditional crafts at the traditional city of Umm Qais.

The workshop took place on the 14th of November 2022, 18 students attended this workshop with the majority of female students.

The primary focus of this workshop revolved around enhancing the students' skills in the intricate art of weaving, sculpturing, reed and straw and wood. To facilitate hands-on learning, reed and straw traditional techniques were thoughtfully displayed and practiced among all the attending students. The workshop was carefully structured to provide them with expert guidance and support from dedicated crafts members, who generously shared their vast knowledge and expertise.

Also, it aimed to disseminate the Project and its objectives.
