EVENT DESCRIPTION

Event: HANDS Workshop / **Resin Applications in Art / Craft work**

Date: Wednesday, Thursday, 22-23/11/2023

Organizer: Al-Zaytoonah University of Jordan

Location: Faculty of Architecture and Design

This is a two-day workshop conducted by the HANDS project at ZUJ, supported by **stakeholders Miss. Walaa' Al-Zarai and Mr. Zaid Al-Omari**, was a comprehensive and engaging session introducing students to the applications of resin material in art and craftwork. The workshop covered various aspects, offering a hands-on experience through practical activities and demonstrating the innovative use of resin in art and craftwork.

The objectives of the workshop include:

1. **Introduction to Resin Material:** Educating students on the properties, uses, and application techniques of resin in art and craftwork.
2. **Hands-on Activities:** Engaging students in practical craftwork applications using resin material to create different pieces of art and craft designs.
3. **Innovation in Art Applications:** Exploring innovative ways to use resin in artistic creations, fostering creativity among the participants.
4. **Awareness Creation:** Creating awareness among students about the versatility of different materials in the creation of art and craftwork.

The involvement of stakeholders and experienced trainers helped in providing valuable insights and guidance to the students. The active participation of students in creating various craft designs using resin material indicates the workshop's success in encouraging practical learning.

The culmination of the workshop with an exhibition of the students' work, opened by the **university president Dr. Mohammad Almajali**, and the **Dean of the Faculty of Architecture and Design, Dr. Fuad El-Qirem** at ZUJ, showcases the outcome of the students' efforts and the effectiveness of the workshop. It also signifies the acknowledgment and support from the university for HANDS initiatives in promoting creative learning and exploration of new materials in art.

ERASMUS+ PROGRAMME Project Number: 610238-EPP-1-2019-1-JOEPPKA2-CBHE-JP
Overall, the workshop has been a fruitful endeavour, promoting skill development, creativity, and awareness among students regarding the application of resin material in the field of art and craftwork.
