**Abstract :**

This study identifies one of The most vital issues ,not only in the middle East but all around the world also,which is the Palestinian –israili conflict .

The Palestinian land that is captured by force by the israili occupation ,who fired it's, people is the basic cause of this conflict .The Israil occupation settled in this land in order to control over the rest of the historical land of Palestine ,and to prevent having Palestinian Country .Accroding to that ,this study aimed to investigate through the Israili settlement ,its various forms ,and its impact upon various aspects .Moreover ,this study will identify the Jewish Settling‘ Stages in the Palestinian lands ,and sheed the light on the settling situation in the international law .The study will concertrate on the decision (2334) published by Un security council,which states that the Israili settlement must stop since it's illegal.

**The study will be devided into these chapters:**

**chapter one:** This section will identify the Israili settlement in the Palestinian lands through investigating the term “Israili settlement” and settling forms adetails, asthese forms are to various reasons.The various effects of settling ,political, economical, social ,environmental,

and commercial will be discussed in this section, in addition to explaining the Jewish settlement in Palestine from the early beginning before the appearance of what's called "Israel" till now.

**chapter two:** this section will deal with the "Israeli settlement Issue" from the legal point of view, beginning from the legal situation for the West Bank and the right of dominance over it, the reply on the Israeli's claims of its dominance over Palestine, and its rejection of the Palestinian ownership and dominance. Also the section will discuss the Israeli settlement, regulations of military occupation, basics of the new international law, the United Nations situation, especially the UN Security Council and the General Assembly, towards the Israeli settlement and the discriminative separating wall built by Israeli on the Palestinian lands. At the end of the section, the international situation, especially the Arabic one represented by the Arab Nations, the European countries, and American United States.

**Chapter three:** in this section the researcher focuses on the UN Security Council's Decision (2334), with its legal developments that are opposed to the real situation, which can be concluded in the effects of this decision upon Israel, that are involved in indirect effects, as the decision was published according to the sixth section not the seventh one that enables the United Nations from using practical procedures for opposing the decision on the violent countries. What can be gained by the Palestinians from this decision is subjected to legal issues stated by the decision for the first time that confess and assures issues like the safety council's confess of the Palestinian country on the "fourth of June 1967 Borders", mentioning the term "Settlers" instead of "Israelis" in addition to the discrimination between "the Israeli Country Province" and the occupied lands.

Although this decision didn't involve any practical procedures to be committed , it can be relied on in the real situations and it can be also changed to “ pressure tool” to serve the Palestinian case or relied on in the real situations and it can be also changed to “pressure tool” to serve the Palestinian case or issue in different aspects like encouraging the boycotts campaigns (BDS) , serving offers for the International criminal court , increasing the International Isolation to Israil ,refuting the israili claims and assuring the settlement illegitimacy this section will also discuss the impact of the decision upon the Palestinian israili negotiations that stopped by progressive israili settlement . this decision will increase the Palestinian insistance on not being back to negotiations except by the israili stop of settlement activities . The end of this section will discuss the future of the Israili Palestinian relations in case of the Israili ignorance of the decision , as the relation will be complicated by the Israili insistance on settlement projects, and the republican party , led by “Trump” , arrival for “the white house” , The party that frequently announced its support for israil , and its belief that settlement doesnt affect peace
