

Detailed Course Description - Course Plan Development and Updating Procedures/ Mathematics Department	QF01/0408-3.0E
--	-----------------------

Faculty	Faculty of Science and Information Technology	Department	Mathematics
Course number	0101477	Course title	مواضيع مختارة في الرياضيات Selected topics in Mathematics
Number of credit hours	3	Pre-requisite/co-requisite	-----

Brief course description

Description not covered in the usual department offerings. Topics vary from semester to semester, depending on student and instructor interests

Course goals and learning outcomes

Goal 1	
Learning outcomes	<p>1 - To introduce student to some advanced problems in mathematics.</p> <p>2 - To acquire a profound insight into some delimited areas of mathematics or some application of mathematical methods.</p>

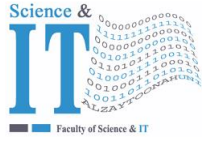

Textbook	Essential books vary according to taught topics.
-----------------	--

Theoretical course evaluation methods and weight	Participation = 10% First exam 20% Second exam 20% Final exam 50%	Practical (clinical) course evaluation methods	Semester students' work = 50% (Reports, research, quizzes, etc.) Final exam = 50%
---	--	---	---

Approved by head of department	Dr.Amjed Zraiqat	Date of approval	25.09.2017
---------------------------------------	------------------	-------------------------	------------
