Course Plan for Bachelor program - Course Plan Development and Updating Procedures/
Nursing Department

QF03/0407-3.0E

Course Plan for (Nursing) No.: (1/ 2017 – 2018)

Approved by Deans Council by decision (07/72/2016 - 2017) dated (30/08/2017)

(132) Credit Hours

No.	Goals and learning outcomes
G 1	Providing student with the scientific knowledge to provide nursing care and contribute to the development of nursing profession.
L.O. 1.1	Demonstrate the highest level of understanding and comprehension of the scientific, professional and administrative aspects associated with nursing practice.
L.O. 1.2	Value the importance of self-learning and self-development and their impact on both health care system and health care recipients.
L.O. 1.3	Commit to policies associated with reducing the occupational hazards while providing nursing care.
G 2	Enabling student mastering the practical and applied skills associated with nursing profession based on the evidence-based practice.
L.O. 2.1	Apply the comprehensive nursing care including the physiological, psychological and social needs of health care recipients.
L.O. 2.2	Determine actual and potential needs associated with various health problems and develop nursing plans using the scientific protocols.
L.O. 2.3	Employ observation and critical thinking skills when evaluating changes resulted from various health problems and follow up their progressions.
L.O. 2.4	Recognize the concepts of responsibility and accountability when applying the standards of nursing profession and adhere to the legal aspects controlling the profession.
G 3	Enhancing student's ability to demonstrate the highest level of communication and effective participation.
L.O. 3.1	Adhere to the professional, ethical and legal standards when practicing nursing profession.
L.O. 3.2	Share health care team members and community-based organizations in drawing up comprehensive action plans for health care recipients.
L.O. 3.3	Communicate effectively with health care team members using communication skills and information technology.
