Program vision:

Establishing specialized efficiencies in French and English languages provided with leading, creative and pioneer competences that are essential for competing locally, regionally and internationally to work as translators, tour guides and teachers of French and English languages. All of this can be happened through the skillful application of information technology and modern strategies of teaching and learning.

Program mission and objectives:

1- Achieving an agreement between the learning outputs of the field and the characteristics of the seventh level (skills, knowledge and competences) within the national frame of qualifications.
2- Merging modern information technology and using it creatively in both teaching and learning in order to attain more effective learning and considering the needs of learners.
3- Confirming the principle of sustainable self- learning and highlighting the creativity of the learner under international changes and through the application of the various strategies of learning and teaching.
4- Enabling students to speak, read and write in both French and English languages.
5- Helping students to acquire the theoretical and scientific knowledge and skills which are necessary for work.
6- Strengthen the student's ability to analyze, criticize, communicate and open widely to others which can contribute in his integration in society.
7- Evaluating the civilized, literary and cultural heritage of French and English and comparing them to Arabic civilization, culture and literature.
