Traditional learning courses (for scientific and medical)	37% / number (12) Credit Hours	1:0

Important note: (The teaching patterns of the subjects are distributed at all academic levels in the program, and the Thesis hours are taught in a blended learning mode).

Program vision:

Empower students in the field of English literature to achieve a firm grasp of the broad spectrum of English and American literature, including its development, genres, periods, trends, main authors, and literary theories, and enable them to master the knowledge, skills, and competencies to compete successfully in the marketplace as researchers, teachers, journalists, writers, and translators.

Program mission and objectives:

1. Deepen the students' understanding and appreciation of English literature, with special emphasis on modern and postcolonial literatures, and on literary and critical theory.
2. Enable the students to develop a historical awareness of literary traditions.
3 Help the students develop their own independent critical thinking and judgement.
4. Instill in the students the habits and spirit of scholarship and teach them the research methods that facilitate advanced literary study.
5. Fulfill the learning outcomes as delineated below under knowledge, skills and competencies and making sure they conform to the standards of the National Qualifications Framework.
6. Promote the principle of self-sustainable, lifelong learning, and encourage the students to have creative responses to all types of literary texts.

Program learning outcomes (*(MK= Main Knowledge, MS= Main Skills, MC= Main Competences)*

Main knowledge	
MK1	Master the knowledge of Analyzing and discussing the salient features of literary texts from a broad range of English and American literary periods.
